Technical Rider for Tillie the Terrible Swede

This list of technical requests is intended as a guideline. Please note that all requests are negotiable. Cinta Productions has experience in adapting to a variety of situations while maintaining artistic integrity. Please contact us with any questions or concerns.

Facility:

A. STAGE REQUIREMENTS

Stage depth: 10 feet (3.05 meters) from plaster line to rear curtain/wall.

Full Stage unobstructed ideal length 20' (6 meters)

Height from stage to ceiling minimum 8' (2.44 meters)

One six foot table

Light and sound

B. We do not carry light equipment but require at a minimum general Theater lighting.

The show is pre-recorded with music. We need an adequate sound system including hardware and cabling, speakers and monitor. Show including video projections will be either on a file or Q-Lab

Video projections

C. Projector with 100 inch screen for projections. If the Presenter does not have this- we can provide.

Tillie the Terrible Swede running time is 35 minutes. After the show, we will do a presentation about the story and a Marionette puppet demonstration. Total program time: 45 minutes
